

Another update from OSASF!

ONTARIO SINGLE ACTION SHOOTING FEDERATION
OSASF

Howdy Y'all:

Shooting is done for March, and with Easter coming up, the Wentworth match on Sunday Apr 5 is cancelled. Things will get going on Saturday April 11 in Barrie. Please let the organizers know you're coming - details for preregistering are included in the match info on the [web site](#).

After running the matches in Sarnia for many years, Silvertip has informed me that there will be no more cowboy shoots at Lambton (that I have constantly referred to as Sarnia). That's a loss for all of us, especially if you had a chance to get to any of those matches. We'd like to thank Silvertip for his efforts in putting on those matches - his hard work is appreciated.

Another sad note to report - Thunder AI passed away on Jan 1, 2026 from pancreatic cancer. There will be a celebration of life at the Legion in Bracebridge on Sunday Mar 29 from 12 to 3. He was a long time participant in the Ontario cowboy shooting scene. Sunnyjo and Northern Dancer recall that neither of them would have had so much fun if they had not crossed paths with Thunder AI one day in 2010. Cowboy shooting has played a huge part in their lives over the last 16 years and they are both deeply grateful for having met him.

You can always check the [classifieds](#) for bargains and interesting stuff. Sometimes I have a hard time resisting some of the stuff that gets posted. If you have an ad, please check it and [let us know](#) if it should come down. For your reading pleasure try the [SASS Cowboy Chronicles](#).

You can support those who have the resources to fight proposed gun legislation and confiscations - the [CCFR](#) or the [CSSA](#) probably give the biggest bang for your buck (just my opinion). [The Gun Blog](#) provides a lot of useful information and research, and [The National Firearms Association](#) is another gun rights group.

Next Matches: Wentworth Apr 5 cancelled; Barrie Apr 11; Ottawa Apr 18; Burlington Apr 19

Details are on the [OSASF Website](#)
